- REQUEST FOR REAGENTS FORM -

To request reagents from the Singer Lab, please follow the instructions described on our web site at <http://www.singerlab.org/requests/>. On this site you will also find a list of available reagents and related information.

As described in the instructions online, our reagents can not be sent to you unless our university's Office of Biotechnology approves a Material Transfer Agreement (MTA). Obtain the MTA online at the site listed above.

Remember to mail or fax the MTA to our university's Office of Biotechnology and to mail or fax this form to our lab (see mailing address and fax number information above.)

Once our university's Office of Biotechnology approves the MTA, we will use the information you provide in this form to ship the reagent(s). Once we receive approval of the MTA, we usually need one or two weeks to ship reagents.

If you have any questions please contact Robert Singer (rhsinger@aecom.yu.edu).

Please complete each line below: (Please type using Acrobat, do not submit handwritten requests)

A. Reagent(s) Requested

Please use the exact description provided on our web site.

B. Information About Requestor
